21 Icons: Jes Foord

The second short film in the multimedia series 21 Icons Seasons III celebrates rape survivor Jes Foord.

Jes Foord was selected for 21 Icons South Africa Season III in honour of the courage she showed after a gang of men raped her in Kwa-Zulul Natal seven years ago. Her story is both moving and inspirational and demonstrates how strength of spirit can overcome suffering.

Jes has founded The Jes Foord Foundation that offers much-needed support and guidance to victims of sexual abuse and

rape. She also started The Handbag Project, The Actively Against Initiative and The Cinderella Project.
