

What is *the* 21 ICONS PROJECT?

A selection of creative platforms – from photography to documentaries to fine-art portraits – is used by this organisation to document the lives and achievements of remarkable South Africans. All those featured in the various projects have been involved in work to improve the lives of those around them.

Watch Jes's 21 Icons video on YouTube or go to www.21icons.com.

“My long-term goal is to not be needed. I'd like there to be no rape, no need for the foundation, and we can close our doors.”
